this book begins with the understanding that in addition to its aesthetic qualities asian art and material artifacts are expressive of cultural realities and constitute a visible language with messages that can be read interpreted and analyzed asian art and artifacts are understood in their contexts as windows into cultures and as such can be used as a powerful pedagogical tool in many academic disciplines the book includes essays by scholars of asian art philosophy anthropology and religion that focus on objects held in asianetwork schools the asianetwork collections are reflective of asian societies historical and religious environments political positions and economic conditions the art

objects and artifacts were discovered sometimes in storage and were sometimes poorly understood and variously described as fine art curiosities souvenirs and markers of events in a school's history the chapter authors tell the stories of the collections and the collections themselves tell stories of the collectors this volume is intended for use in many disciplines and its interpretive structures are adaptable to other examples of art and artifacts in other colleges universities and museums an online database of some 2000 art objects held in the asianetwork schools collections supplements this book

the book is the volume of the art history of the yuan dynasty among a series of books of deep into china histories the earliest known written records of the history of china date from as early as 1250 bc from the shang dynasty c 1600 1046 bc and the bamboo annals 296 bc describe a xia dynasty c 2070 1600 bc before the shang but no writing is known from the period the shang ruled in the yellow river valley which is commonly held to be the cradle of chinese civilization however neolithic civilizations originated at various cultural centers along both the yellow river and yangtze river these yellow river and yangtze civilizations arose millennia before the shang with thousands of years of continuous history china is one of the world's oldest civilizations and is regarded as one of the cradles of civilization the zhou dynasty 1046 256 bc supplanted the shang and introduced the concept of the mandate of heaven to justify their rule the central zhou government began to weaken due to external and internal pressures in the 8th century bc and the country eventually splintered into smaller states during the spring and autumn period these states became independent and warred with one another in the following warring states period much of traditional chinese culture literature and philosophy first developed during those troubled times in 221 bc qin shi huang conquered the various warring states and created for himself the title of huangdi or emperor of the qin marking the beginning of imperial china however the oppressive government fell soon after his death and was supplanted by the longer lived han dynasty 206 bc 220 ad successive dynasties developed bureaucratic systems that enabled the emperor to control vast territories directly in the 21 centuries from 206 bc until ad 1912 routine administrative tasks were handled by a special elite of scholar officials young men well versed in calligraphy history literature and philosophy were carefully selected through difficult government examinations china's last dynasty was the qing 1644 1912 which was replaced by the republic of china in 1912 and in the mainland by the people's republic of china in 1949 chinese history has alternated between periods of political unity and peace and periods of war and failed statehood the most recent being the chinese civil war 1927 1949 china was occasionally dominated by steppe peoples most of whom were eventually assimilated into the han chinese culture and population between eras of multiple kingdoms and warlordism chinese dynasties have ruled parts or all of china in some eras control stretched as far as xinjiang and tibet as at present traditional culture and influences from other parts of asia and the western world carried by waves of immigration cultural assimilation expansion and foreign contact form the basis of the modern culture of china

constructed between 1945 and 1947 by jacques marchais the professional name of jacqueline klauber the jacques marchais museum of tibetan art in staten island houses more than 1200 pieces of tibetan buddhist art from china and mongolia dating from the 17th to the 19th centuries two essays about the history of the museum and the history of tibetan buddhism open the catalogue which contains 169 objects from the museum s collections

steeped in the buddhist traditions of wisdom compassion and the interconnectedness of all things tibetan childrearing practices are a refreshing new way to prepare for and raise children this book provides a practical introduction to these practices and an integrated system of childcare that incorporates body emotions mind spirit relationships and environment authors anne hubbell maiden and edie farwell cover all aspects of traditional tibetan parenting from conception onwards both exploring ancient techniques and reinterpreting them for a modern audience far more than just a parenting guide the book is a fascinating look into an intimate and revered part of tibetan culture it makes a welcome addition to the library of newlyweds expectant parents and parents with children of all ages who are interested in a practical approach to parenthood that recognizes community and everyone s responsibility to both self and planet

it is only recently that the systematic study of buddhist art has been inaugurated thanks to scientific excavations and explorations carried out in india by the indian archaeological survey in central asia by a number of archaeological missions on behalf of different governments and in china by the pioneer work of the eminent french sinologist the late edouard chavennes we possess a number of invaluable facts which enable us to reconstruct the vast domain of buddhist art it is true that it is not yet possible to write a history of buddhist art in all its phases and different epochs this huge work remains to be done and we only can hope that future investigations in this field will facilitate the scholar s task but if the complete history of buddhist art is still to be written we can already affirm the unity of its evolution introduction

a complete introduction to tibetan art presented in the context of tibetan buddhism amy heller places the artwork within its historical social and religious context utilizing in situ photographs from tibet it spans 1400 years of art history
