the concept of margins and limits is often referred to within the tourism academic literature and includes subjects as diverse as carrying capacities peripheral economies technological advancement adventure tourism dark tourism and socially marginalized communities after identifying a number of ways in which limits might be defined taking tourism to the limits explores concepts and challenges facing contemporary tourism in five main sections namely in tourism planning and management nature based tourism dark tourism adventure and sport tourism and the accommodation industry drawing upon case studies current research and conceptualizations these different facets of the limits are each introduced by the editors with commentaries that seek to identify themes and current practice and thinking in the respective domains the picture that emerges is of an industry that reinvents itself in response to changing market parameters even while core issues of stakeholder equities and political processes remain problematic international in scale the book links with its companion piece indigenous tourism the commodification and management of culture also published by elsevier as an outcome of the very highly successful conference taking tourism to the limits hosted by the university of waikato department of tourism management in 2003

this book explains all that s needed to combine the structural advantages of html with the comprehensive layout possibilities of pdf it presents many of the tricks for the dynamic generation of pdf data as well as information on integrating acrobat into cgi javascript vbscript and active server pages the cd includes useful software tools and the acrobat reader

a pulitzer prize winning correspondent and a former private investigator dive deep into the murky waters of the international salmon farming industry exposing the unappetizing truth about a fish that is not as good for you as you have been told a decade ago farmed atlantic salmon replaced tuna as the most popular fish on north america s dinner tables we are told salmon is healthy and environmentally friendly the reality is disturbingly different in salmon wars investigative journalists douglas frantz and catherine collins bring readers to massive ocean feedlots where millions of salmon are crammed into parasite plagued cages and fed a chemical laced diet the authors reveal the conditions inside hatcheries where young salmon are treated like garbage and at the farms that threaten our fragile coasts they draw colorful portraits of characters such as the big salmon farmer who poisoned his own backyard the fly fishing activist who risked everything to ban salmon farms in puget sound and the american researcher driven out of norway for raising the alarm about dangerous contaminants in the fish frantz and collins document

how the industrialization of atlantic salmon threatens this keystone species endangers our health and environment and lines the pockets of our generation s version of big tobacco and they show how it doesn t need to be this way just as eric schlosser s fast food nation forced a reckoning with the big mac the vivid stories scientific research and high stakes finance at the heart of salmon wars will inspire readers to make choices that protect our health and our planet

an international journal of materials characterization

while digital media give us the ability to communicate with and know the world their use comes at the expense of an immense ecological footprint and environmental degradation in finite media sean cubitt offers a large scale rethinking of theories of mediation by examining the environmental and human toll exacted by mining and the manufacture use and disposal of millions of phones computers and other devices the way out is through an eco political media aesthetics in which people use media to shift their relationship to the environment and where public goods and spaces are available to all cubitt demonstrates this through case studies ranging from the 1906 film the story of the kelly gang to an image of saturn taken during nasa s cassini huygens mission suggesting that affective responses to images may generate a populist environmental politics that demands better ways of living and being only by reorienting our use of media cubitt contends can we overcome the failures of political elites and the ravages of capital

proceedings of spie present the original research papers presented at spie conferences and other high quality conferences in the broad ranging fields of optics and photonics these books provide prompt access to the latest innovations in research and technology in their respective fields proceedings of spie are among the most cited references in patent literature
