the oxford handbook of thinking and reasoning brings together the contributions of many of the leading researchers in thinking and reasoning to create the most comprehensive overview of research on thinking and reasoning that has ever been available

thomas gilovich offers a wise and readable guide to the fallacy of the obvious in everyday life when can we trust what we believe that teams and players have winning streaks that flattery works or that the more people who agree the more likely they are to be right and when are such beliefs suspect thomas gilovich offers a guide to the fallacy of the obvious in everyday life illustrating his points with examples and supporting them with the latest research findings he documents the cognitive social and motivational processes that distort our thoughts beliefs judgments and decisions in a rapidly changing world the biases and stereotypes that help us process an overload of complex information inevitably distort what we would like to believe is reality awareness of our propensity to make these systematic errors gilovich argues is the first step to more effective analysis and action

two prominent social psychologists specializing in the study of human behavior provide insight into why we trust the people we do and how to use that knowledge in understanding and influencing people in our own lives novelist

the blackwell handbook of judgment and decision making is a state of the art overview of current topics and research in the study of how people make evaluations draw inferences and make decisions under conditions of uncertainty and conflict contains contributions by experts from various disciplines that reflect current trends and controversies on judgment and decision making provides a glimpse at the many approaches that have been taken in the study of judgment and decision making and portrays the major findings in the field presents examinations of the broader roles of social emotional and cultural influences on decision making explores applications of judgment and decision making research to important problems in a variety of professional contexts including finance accounting medicine public policy and the law

this book represents a new look at social psychology and relationships for the discerning reader and university student the title of the book argues forcefully that the very nature of being human is defined by our relationships with others our lovers family and our functional or dysfunctional interactions written in easy to follow logical progression the volume covers all major topical areas of social psychology with results of empirical research of the most recent years included a common project between american and european social psychologists the book seeks to build a bridge between research findings in both regions of the world in doing so the interpretations of the research takes a critical stand toward dysfunction in modern societies and in particular the consequences of endless war and repression including topics as varied as an overview of the theoretical domains of social psychology and recent research on morality justice and the law the book promises a stimulating

introduction to contemporary views of what it means to be human a major emphasis of the book is the effect of culture in all major topical areas of social psychology including conceptions of the self attraction relationships and love social cognition attitude formation and behavior influences of group membership social influence persuasion hostile images aggression and altruism and moral behavior

judgment and decision making is a refreshingly accessible text that explores the wide variety of ways people make judgments it examines assessments of probability frequency and causation as well as how decisions are rendered under conditions of risk and uncertainty topics covered include dynamic everyday and group decision making individual differences and the nature of mind and brain in relation to judgment and decision making offering up to date theoretical coverage including perspectives from evolutionary psychology and neuroscience this volume has everything a psychology student needs for bps accreditation whilst drawing out the practical applications for non psychology students with plentiful examples from business economics sport law and medicine the latest addition to the bps textbooks in psychology series this thorough text provides a succinct reader friendly account of the field of judgment and decision making

this modules based version of myers best selling full length text psychology breaks down the book s 16 chapters into 54 short modules myers was inspired to create this text by the memory research in chunking showing that shorter reading assignments are more effectively absorbed than longer ones as well as by numerous students and teachers who expressed a strong preference for textbooks with more shorter chapters

appropriate for introductory psychology courses this text is very newsy the author never resorts to john mary in the dorm hypotheticals to make a point rather he illustrates the principles of psychology with vivid events from the worlds of entertainment sports literature medicine law politics and current events

never highlight a book again virtually all of the testable terms concepts persons places and events from the textbook are included cram101 just the facts101 studyguides give all of the outlines highlights notes and quizzes for your textbook with optional online comprehensive practice tests only cram101 is textbook specific accompanys 9780393978759

includes proceedings of the 54th 55th annual meetings of the association 1946 47 and proceedings of meetings of various regional psychological associations

renowned psychologists describe the most useful insights from social psychology that can help make you wise wise about why people behave the way they do and wise about how to use that knowledge in understanding and influencing the people in your life when faced with a challenge we often turn to those we trust for words of wisdom friends relatives and colleagues someone with the best advice about how to boost sales the most useful insights into raising children or the sharpest take on an ongoing conflict in the wisest one in the room renowned social psychologists thomas gilovich and lee

ross ask why what do these people know what are the foundations of their wisdom and as professors and researchers who specialize in the study of human behavior they wonder what general principles of human psychology are they drawing on to reach these conclusions they begin by noting that wisdom unlike intelligence demands some insight into people their hopes fears passions and drives it s true for the executive running a fortune 500 company the candidate seeking public office the artist trying to create work that will speak to the ages or the single parent trying to get a child through the tumultuous adolescent years to be wise they maintain one must be psych wise gilovich and ross show that to answer any kind of behavioral question it is essential to understand the details especially the hidden and subtle details of the situational forces acting upon us understanding these forces is the key to becoming wiser in the way we understand the people and events we encounter and wiser in the way we deal with the challenges that are sure to come our way perhaps even the key to becoming the wisest in the room

this unique first edition is the only book on the market that delivers a contemporary synthesis of both psychology and accounting literature related to judgment and decision making judgment and decision making in accounting is structured around an innovative framework that provides a unique way of thinking about jdm projects and organizing jdm research developed based on many years of teaching and research on accounting jdm this unique framework succinctly describes the key issues in accounting jdm research enabling readers to more quickly assimilate the vast material related to those issues the framework also provides a basis to help readers evaluate their own current jdm research ideas as well as generate further research questions
